July Spotlight: Cedar Home

This month we are **Spotlighting** the **Cedar Home**. We have three new feathered residents that are modern miracles! Mary, resident at the Cedar Home, has had two finches since April and the family was told by the pet store that they were two female finches. Imagine everyone's surprise when last month eggs were found in the nest! Now the two finches are proud parents to three baby birds! We strive to be innovative at EHL, but we never expected that we would be the host of a modern miracle of science!

The finches aren't the first feathered residents at the Cedar Home. They also have three chickens living in the backyard taken care of by Judy, one of our Cedar Home residents. Judy takes her responsibility very seriously and gets after the staff if they intervene and collect the eggs before she does!

Margie, Resident Coordinator of the Cedar Home, says that "she loves working at Cedar because of the individual personalities and opinions of the residents." Margie, who has been with EHL since 2006, and Resident Coordinator since 2013, is also the team captain for the EHL Team for the annual Walk to End Alzheimer's and the Cedar home is the reigning champion for our annual fundraiser for the walk - the highly competitive Penny Wars.

EMPLOYEE SPOTLIGHT

Leticia @ Health Center

Leticia "Lete" was born in Eugene, Oregon and grew up both in Tijuana, Mexico and Oregon. Lete has been married for eight years and has three children - two boys and one girl aging from five to eight years old. She and her husband own a concrete business, which keeps her busy when she isn't working at EHL. Her extended family also consists of six sisters and three brothers!

Lete has been a part of the EHL community since May 2013. She works as a NOC Float in the Health Center. When asked why she likes working at EHL, Lete replied, "I love knowing that I can provide loving care for those who might not be able to care for themselves."

Words of Wisdom: "Don't leave for tomorrow what you can do today!"

Thank you, Leticia, for your hard work, your dedication, and for being a part of our EHL team!

**WHAT'S
NEW?
@ EHL?**

We are so excited about our newest mode of transportation on campus. Last month, we got our **Club Car** people mover so we are able to transport residents to and from activities around campus.

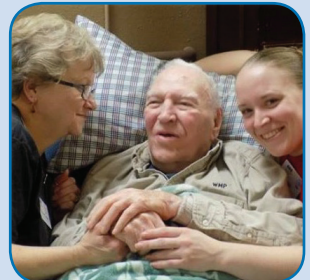

It's hard to say who is having more fun with our new ride - **our staff or our residents!**

In Remembrance

William "Bill" Patterson

Bill came to EHL in February of 2000. Sharon, Resident Coordinator in our Diamond Peak Home, commented that "Bill had a smile that would light up the home. The memories we have of him, we will cherish forever." He passed away at the age of 95. He will be greatly missed.
